

Technical Account Manager

Ideally Manchester based, £Attractive

When Premier Foods acquired RHM earlier this year we became the UK's leading food producer with an unrivalled portfolio of iconic food brands like Hovis, Mr Kipling, Sharwood's, Ambrosia, Loyd Grossman, Bisto and Quorn to name just a few. With over 60 manufacturing sites, a turnover of over £2.7 billion and around 20,000 employees, we are fast-paced, acquisitive and decisive, with an entrepreneurial heartbeat and a track record of growth, underpinned by a significant investment programme in both our processes and most importantly, our people.

Now a part of Premier Foods, Rank Hovis is one of the UK's leading flour millers and we are currently seeking to recruit a Technical Account Manager to join our National Technical Team.

Responsible for developing and delivering the technical support activities of Rank Hovis with a broad range of our Retail and

National Account customers in the North of England, you will also support the delivery of the Company's Technical Strategy. With previous relevant experience and a recognised craft and technical bakery qualification (NVQ III, C&G Bakery 126 or BTEC National Certificate in Baking Technology or equivalent), you will possess evidence of achievement in direct customer technical support relationships.

Ideally based at our Manchester Mill, although home location may be flexible, you will also possess a current driving licence.

To apply, please email your full CV together with current salary details to Patricia Molyneux, Development Controller at pat.f.molyneux@rhm.com

Closing date for applications: 31st July 2007.
